 Will Fritz

Members Absent:

Dr Paul Phillips
 Dr Ken Turner
 Shannon Fullen Roberts
 Dr John Patterson
 James Hubbard

Staff:

Maggie King
 Greg Woods

Others:

Topic/Subject	Discussion	Recommendations, Action/Follow-up; Responsible Person
Call to Order	The meeting was called to order at 3:02 p.m.	
Welcome & Introductions	Introductions were made and Maggie King thanked participants for their attendance at the meeting.	
Reports		
Unfinished Business	Members reviewed the STEMI plan. Dr. Herb Ladley made a motion to add in the plan only use morphine for an increased heart rate and blood pressure due to pain (not as a routine drug). Will Fritz seconded that motion. The American Heart Association online rapid STEMI class was again discussed and grants are being considered to fund this for 75-100 people. All members present agreed that the regional STEMI plan looked good, with the suggested changes. The plan will be sent to the OMD committee for approval, then taken to the Board of Directors for final approval. The approved STEMI plan will be rolled out by the end of September.	
New Business	Dr. Herb Ladley and Greg Woods discussed the EMS Council's geographic reach and who has the capability, but not resources for STEMI care. Greg will look into collecting data PI points to get a "picture of EMS in our region" as it relates to cardiac care.	
Next Meeting & Work Session	Next meeting will be decided upon the completion of the Doodle.com survey.	
Adjournment	The meeting adjourned at 3:42 pm.	

Respectfully submitted by:

Maggie King
